

# COVINA REDISTRICTING 2021

## PUBLIC PARTICIPATION MAP DEMOGRAPHICS

### PUBLIC MAP NUMBER 105

Districts Proposed Up For Election in 2022: 2, 3 and 4  
 Districts Proposed Up For Election in 2024: 1 and 5

Submitter's population figures differ from official numbers, because this map splits whole population units.

**Citizen Voting Age Population Demographics**

**Covina City Boundary**

**Ideal District Total Population: 10,289**  
**Total Deviation: 7.9%**

District	CVAP	Hispanic/Latino	Non-Hispanic White	Non-Hispanic Black	Non-Hispanic Indian	Non-Hispanic Asian/Pacific Islander	Total Population	Deviation From Ideal	Percent Deviation
1	7,074	51.5%	22.8%	6.8%	0.3%	16.4%	10,698	409	4%
2	6,114	54.5%	29.1%	3.3%	0.8%	11.3%	9,885	-404	-3.9%
3	6,565	54.4%	27.6%	4%	0.3%	12.9%	10,468	179	1.7%
4	6,760	60.2%	21.2%	4.7%	0.2%	12.1%	10,407	118	1.1%
5	6,751	43.7%	36%	3.2%	0.5%	15.4%	9,986	-303	-2.9%

# COVINA REDISTRICTING 2021 PUBLIC PARTICIPATION KIT TOTAL POPULATION BY POPULATION UNIT

Name: [Redacted]  
Phone and/or Email: [Redacted]

Please use a thick dark-colored pen to draw your map, then submit it at City Hall or by email to [districting@covinaca.gov](mailto:districting@covinaca.gov). You can hand deliver, mail, fax, scan and email, or photograph and email your map.

- 9885  
 - 10698  
 - 10407  
 - 10121  
 - 10332

Each number indicates the total population of that 'population unit' area. Each district must have essentially equal population. The population of each of the 5 districts should be between 9,775 and 10,803.

An online version of this map that allows you to zoom in and out for more detail is available as a link from the project website: <https://mapcovina.org/>

Date: Mon, Nov 8, 2021 at 6:22 PM  
Subject: District Map Submission - Version 2  
To: <[districting@covinaca.gov](mailto:districting@covinaca.gov)>  

Would have appreciated the demographic information to be sure the information corresponded with perceived neighborhoods. So have put together multiple maps with a few versions hoping to see how they are graded. Also want to be sure that if any were disqualified for one reason or another, that others put together differently would survive

The kit was a bit clunky, but here is my second attempt. Happy to hear feedback on any disqualifying features in time to update. Hoping can be graded before the next meeting on the subject to give time for potential revision.

### Description:

Purple District - Central district surrounding Citrus Ave stretching north from Badillo. Encompassing the old down area and much of the 'old covina' feel.

Blue District - North West district surrounding Azusa highway and its influence. This area has a distinct set of demographic and income levels.

Green District - Southern edge bordering shopping districts and the freeway. Higher population of renters and multiple family properties.

Red District - Eastern Badillo corridor. Encompassing some of the highest income and property value homes in the city. Using the Railroad tracks as a divide east of Banna

Teal District - North East district. As distinct feel and build out separate from red or purple districts

I realize using the tracks between teal and red cut differently than the population grid, but it more accurately reflects the change of neighborhood. So the exact count for each grid will have to be calculated. These areas are mostly commercial with the exception of the north west corner of the 1,159 grid. Both districts should remain within allowed range

### District voting order:

Using the most recent available data, it appears those up for election in 2024 currently reside in the red and blue districts. So those would remain in place for the cycle. Placing the purple, teal, and green districts up for 2022 vote.
